

COMMUNICATIONS SOLUTIONS THAT EXCEED YOUR EXPECTATIONS

Parallel Technologies is a premier business communications provider that delivers integrated solutions including unified communications, VoIP, video and wireless services.

Through strategic partnerships with top-rated equipment and service providers, we are able to serve as a single point of contact for designing and implementing turnkey systems that enhance your productivity and your bottom line.

Our dedication to responsive, reliable service has earned us numerous industry awards and validates that when you partner with Parallel, you not only choose a best-in-class communications provider, but a true business partner that is focused on your service needs.

“ Our mission is to provide your organization with a comprehensive communications recommendation that meets your strategic business objectives along with controlling or reducing your costs. Our vision will enable your company to experience the benefits of rapidly evolving voice, data, video, and wireless communications. Our purpose is to deliver a communications solution with responsive, reliable service. The entire staff at Parallel Technologies, Inc. appreciates the opportunity to earn your business.”

— JOSEPH R. REDMAN, PRESIDENT
